

Foam Polypropylene Trays

Preserving Freshness, Ensuring Compliance

TEKNIPLEX

Consumer Products

In response to recent legislation banning single-use PS foam products, TekniPlex proudly presents a breakthrough solution to meet your packaging needs. Our Foam Polypropylene Trays are designed to preserve product freshness while helping you stay compliant with evolving regulations.

Overview

Why switch to TekniPlex's Foam PP trays?

Preserving Freshness. Our trays are engineered to maintain the freshness of your products, ensuring they reach your customers in optimal condition.

Compliance Assurance. With the growing focus on environmental sustainability, our Foam Polypropylene Trays align with current legislation, offering you a compliant and eco-friendly packaging alternative.

Versatility. These trays cater to a wide range of applications, from food packaging to industrial use, providing a versatile and effective solution for your diverse needs.

Customization Options. Choose from an array of sizes and colors to suit your specific product requirements. Our trays are available in various configurations to accommodate different shapes and sizes.
